

Bernard Terrace Panthers

The EBRPSS does not discriminate on the basis of race, color, national origin, gender, age, or qualified disability.

Math Corner

Our Math corner will provide you with activities you can complete with your child at home.

Pre/K-2nd Grade

If a new neighbor moves in with dogs and birds, how many of each animal can there be if there are ten legs altogether? Is there more than one answer? Draw a picture to show your answer.

3rd-5th Grade

Do you think that you can have a pet without having to feed, walk or care for it? Now you can, with the amazing pet number 142857. Ask your child to multiply your pet number by 2. Tell your partner to study the numbers in the product carefully. What do you notice? Now ask your child to multiply the pet number by 3, 4, and 5. Do you notice anything “tricky”? Challenge your child to “adopt” a pet number of his or her own that can perform “tricks” like yours. (Visit www.articlesforeducators.com/dir/mathematics/number_fun/pet_number_142857.asp) For more fun with numbers, click on Fun With Numbers on the right and have a calculator

Cookie Dough Orders

The cookie dough orders will be ready before the holidays. You will be notified on the day the cookie dough is received by the school.

Have a wonderful

Website

You will always know what’s going on at Bernard Terrace by visiting our website. The web address is <http://bernardterrace.ebrschools.org> Check out how learning is a blast in panther land!!!
